Including Crowns, Casino Credits, Casino Bonus Funds, and Golden Nugget Dollars.

First, select **Rewards**.

The first type of credit you can earn is Crowns. As you enjoy casino games, you'll earn Crowns!

Crowns are a virtual currency you can redeem for Casino Credits to play games or purchase rewards in the Dynasty store.

View your Crown Balance from **Rewards**, then **Dynasty**.

The exciting part about Crowns is their flexibility, as you can convert them into Casino Credits

To do this, choose **Redeem Crowns** and enter the amount of Crowns you want to convert to Casino Credits.

Keep in mind 550 crowns is equal to \$1 in Casino Credits.

In addition to Crowns, you can also earn Casino Credits.

These can be earned by converting your crowns, as you just saw, or can be earned from promotions.

Casino Credits can be used for wagering on casino games.

When awarded Casino Credits, you can find them from **Rewards**, then **My**

Rewards.

Confirm the “Play with Casino Credits” toggle is on to use them.

Casino Credits are easily applied. Just tap your desired game, then, tap “Play with Casino Credits”.

Please note that Casino Credits have a 1x time play through requirement.

A third type of credit is **Casino Bonus Funds**. You can earn Casino Bonus Funds after opting into promotions.

If you’ve opted into a promotion, you may receive Casino Bonus funds from a promotional match for a deposit, or a reward from a promotion.

Casino Bonus funds can be found under **Rewards** then **Promos**, or under **Balances** in your **transaction history**.

When viewing your **Balances**, Casino Bonus funds are listed as **Casino Rollover Bonus**.

Keep in mind Casino Bonus Funds may have a play through requirement.

You can track your progress by visiting **Rewards**, then **Promos** and viewing the **details** of the offer.

Finally, the last type of credit is Golden Nugget Dollars.

You can earn Golden Nugget Dollars after opting into certain promotions and completing the requirements.

When you've earned Golden Nugget Dollars, you can easily track your balance under **Balances** in your **transaction history**.

The beauty of Golden Nugget Dollars lies in their automatic use. They are applied before any cash in your balance when placing a wager.

Please note that GN Dollars have a 1x time play through requirement.
